Senior Programing Full-Stack Developer, TypeScript, Dev/Ops

WORK EXPERIENCE

Sr. Full-Stack Developer (C#, Java, JavaScript)

Looking for JOB Remoting or Full Time onsite

HA NOI, VN

December 2021 – current

- 1. Landing page + Blog – I can help your company build fast, SET-friendly and fully-customized landing pages and blogs (or both) that you can easily edit yourself - no engineer required.
- 2. Full-Stack Development – I design, develop and deploy prototypes/MVPs - focusing on the most important features for your users..
- 3. Software Development – I can be part of your remote team as a frontend engineer adding new features, fixing bugs and refactoring existing code.

Sr. Full-Stack Developer and Operations

Vietnam International Bank (VIB)

September 2020 – December 2021 HA NOI, VN

- Designed, developed, and modified 10+ software systems and custom components
- Defined, designed, and shipped 10 new features
- Designed and built 6+ web applications using ReactJS/Angular/.NET Core
- Analyzed systems flow, data usage, and work processes
- Integrated existing software into 6 upgraded, modified systems for higher performance
- Planned, tracked, and managed deliverables on 100+ short-term sprints and 5+ long-term deployments

Full-Stack Developer

KLOON Viet Nam Software Co, Ltd

FPT Software Co, Ltd

June 2017 – August 2020 HA NOI, VN

- Implemented frontend and backend for outsource projects
- Worked with Agile team across 5+ application domains
- Developed and executed 200+ test procedures for software components
- Analyzed 30+ user requirements to derive technical software design and performance requirements

Jr. Developer

DTSOFT Software Co, Ltd

August 2015 – April 2017 HA NOI, VN

- Developed code following common security practices and development design patterns
- Wrote 100+ unit tests to verify the functionality of user interfaces, back-end processing, connectivity, and relational database interactions
- Maintained 3+ systems and applications as Tier 2 support (break-fix and data changes)
- Documented 100% of technical specifications and dependencies of applications
- Participated in the planning and execution of 10+ business continuity/disaster recovery exercises
- Implemented 15+ system MVP and application designs
